

# AUGENFLUID

Nourishing intensive fluid for radiant eyes

**A deeply intense eye cream which nourishes the skin while ensuring long-lasting hydration with long and short-chain hyaluronic acids.**

Concentrated protective substances produced using bacterial cultures along with plankton extract help prevent wrinkles and ageing of the skin. As a natural cosmetic, RyBeauty's Eye Serum is especially well suited for application to the sensitive areas around the eyes. The perfect preventative treatment! This may be used to the whole area surrounding the eyes.

## Active ingredients

**Organic olive oil:** supports skin regeneration, makes the skin smooth and silky. Supports the formation of the skin's hydrolipid layer.

**Organic evening primrose oil:** supports skin regeneration, makes the skin smooth and silky. The high proportion of linoleic acid is highly effective against neurodermatitis and sensitive skin.

**Organic avocado oil:** particularly gentle for sensitive skin and prevents it from drying out.

**Vitamin E:** reduces inflammation, promotes wound healing.

**Ectoine:** often considered a miracle ingredient provided by nature. It protects the skin from damage caused by stressors such as UV-radiation, dryness, heat or cold. It also supports the ongoing moisture of the skin.

**Galactoarabinan**(extracted from the North American larch): is moisturising and supports the skin's regenerative processes.

**Hyaluronic acid:** is a valuable source of moisture. There are two different sizes of hyaluronic acid molecules in RyBeauty Eye Serum in order to ensure the maximum exposure for the skin.

**Argan seed extract:** this natural substance from Morocco has a skin-tightening effect and rapidly smooths out fine wrinkles with long-lasting results.

## Plankton extract

A special feature of the RyBeauty Cosmetics Range is the plankton extract which is taken from **marine plankton**. The following effects have been proven in studies: It improves the skin's physical barrier, its chemical barrier and supports rapid regeneration of the skin's hydrolipid layer.

## Ingredients from the sea - for healthy skin!

The **five pillars** of RyBeauty Cosmetics:

1. **Care and repair:** Organic aloe vera and vitamin E ensure a gentle treatment and provide the body with the substances it requires for its own regeneration processes.
2. **Protection:** With a blend of three organic oils, a protective layer is formed over your skin, protecting it from irritation, germs and dehydration. This protective layer is also strengthened thanks to the plankton extract in the product.

# AUGENFLUID

Nourishing intensive fluid for radiant eyes

3. Anti-ageing: The moisturising ingredients (e.g. hyaluronic acid, glycerine) help to produce smoother skin. Other ingredients (e.g. ectoine, plankton extract) slow the skin's ageing process and have a tightening effect (e.g. argan seed extract).
4. Natural cosmetics: With the "Natru" seal, we confirm that our products meet 100 % of the requirements for natural cosmetics.
5. Hypoallergenic: Only well-tolerated substances are used in the products. The products have been dermatologically tested.

As with **all RyBeauty Products** our Eye Serum is

- free from petrochemicals and mineral oils
- free from paraffin
- free from silicon oils
- free from petrochemical substances
- free from synthetic fragrances
- free from sodium-laureth-sulphates and sodium-lauryl-sulphates
- Natural cosmetics given the Natru seal of approval
- Dermatologically tested on skin
- free from allergens
- free from preservatives
- with plankton extract - the power of the sea

## Application

Dispense a small amount onto the fingertips and gently dab it across the whole areas around the eyes.

## Skin type

Suitable for all skin types.

## Ingredients

Aloe Barbadosis Leaf Juice Powder\*), Glycerine, Pyrus Malus Fruit Water, Alcohol, Glyceryl Stearate Citrate, Olea Europaea Fruit Oil\*), Isoamyl Laurate, Ectoine, Galactoarabinan, Polyglyceryl-10 Laurate, Persea Gratissima Oil\*), Oenothera Biennis Oil\*), Tocopheryl Acetate, Aqua, Sodium Hyaluronate, Cedrus Atlantica Bark Extract, Plankton Extract, Pyrus Sorbus Bud Extract, Argania Spinosa Kernel Extract, Helianthus Annuus Seed Oil\*), Hydrolyzed Jojoba Esters, Tocopherol, Xanthan Gum, Sodium Gluconate, Sodium Cocoyl Glutamate, Citric Acid, Phenethyl Alcohol, Glyceryl Caprylate, Sodium Anisate, Sodium Levulinate
